

March 19, 2020 – Continued Availability of Substance Use Treatment

During this time of uncertainty, you can rely on CommuniCare Health Centers to **continue to offer Substance Use Disorder Screenings (ASAM), Referral and Linkage, and all Treatment services via tele-health**. We are able to accept new clients and continue to serve those already participating in our services.

SUBSTANCE USE SCREENING, TRIAGE AND ASSESSMENT

Substance Use Screening, triage and assessment are offered at:

Salud Clinic (West Sacramento) – (916) 403-2970
Hansen Family Health Center (Woodland) – (530) 405-2815
Navigation Center (Davis) – (530) 204-9467

Your health and safety is critical during this time and we are taking all recommended precautions including:

- Social Distancing
- Screening for symptoms before any service
- Referrals to medical care, if you are feeling sick
- Disinfection of all spaces before and after use
- Handwashing

With these precautions our services may include confidential tele-health services and our in-person services will be moved to larger spaces that enable us to adhere to social distancing recommendations. For those currently enrolled in services, our treatment team will be contacting you about next steps.

If you have any questions, please call, our Behavioral Health team.
We are available to help!
